

Jamaatna

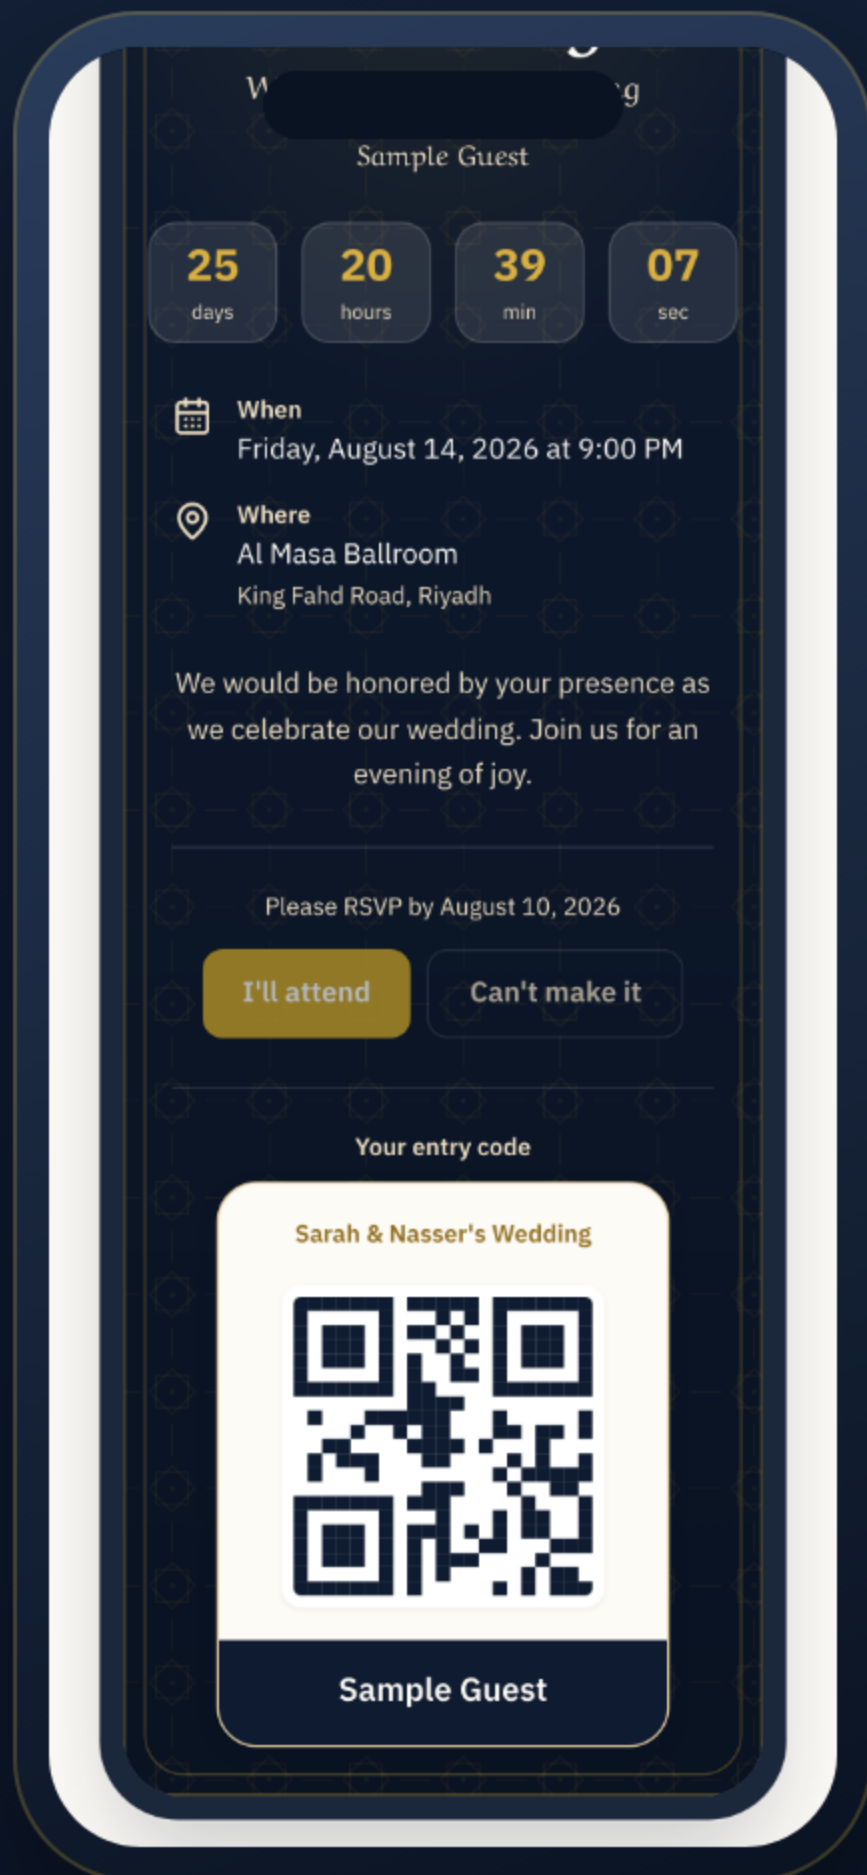

Scanner guide – event day

How to

Check in at the door

Instant, secure scanning

@jamaatna · 2026

**1**

The guest shows their **entry code**

On arrival, the guest opens their own QR entry code from their invitation on their phone.

◀ **A unique code for every guest**

2

The scanner reads the code with the camera

From the scanner account, open the "Scan check-in" screen and point the camera at the guest's code – it reads instantly.

- ▶ **Point the camera at the code**
- ▶ **Instant alert on any duplicate attempt**

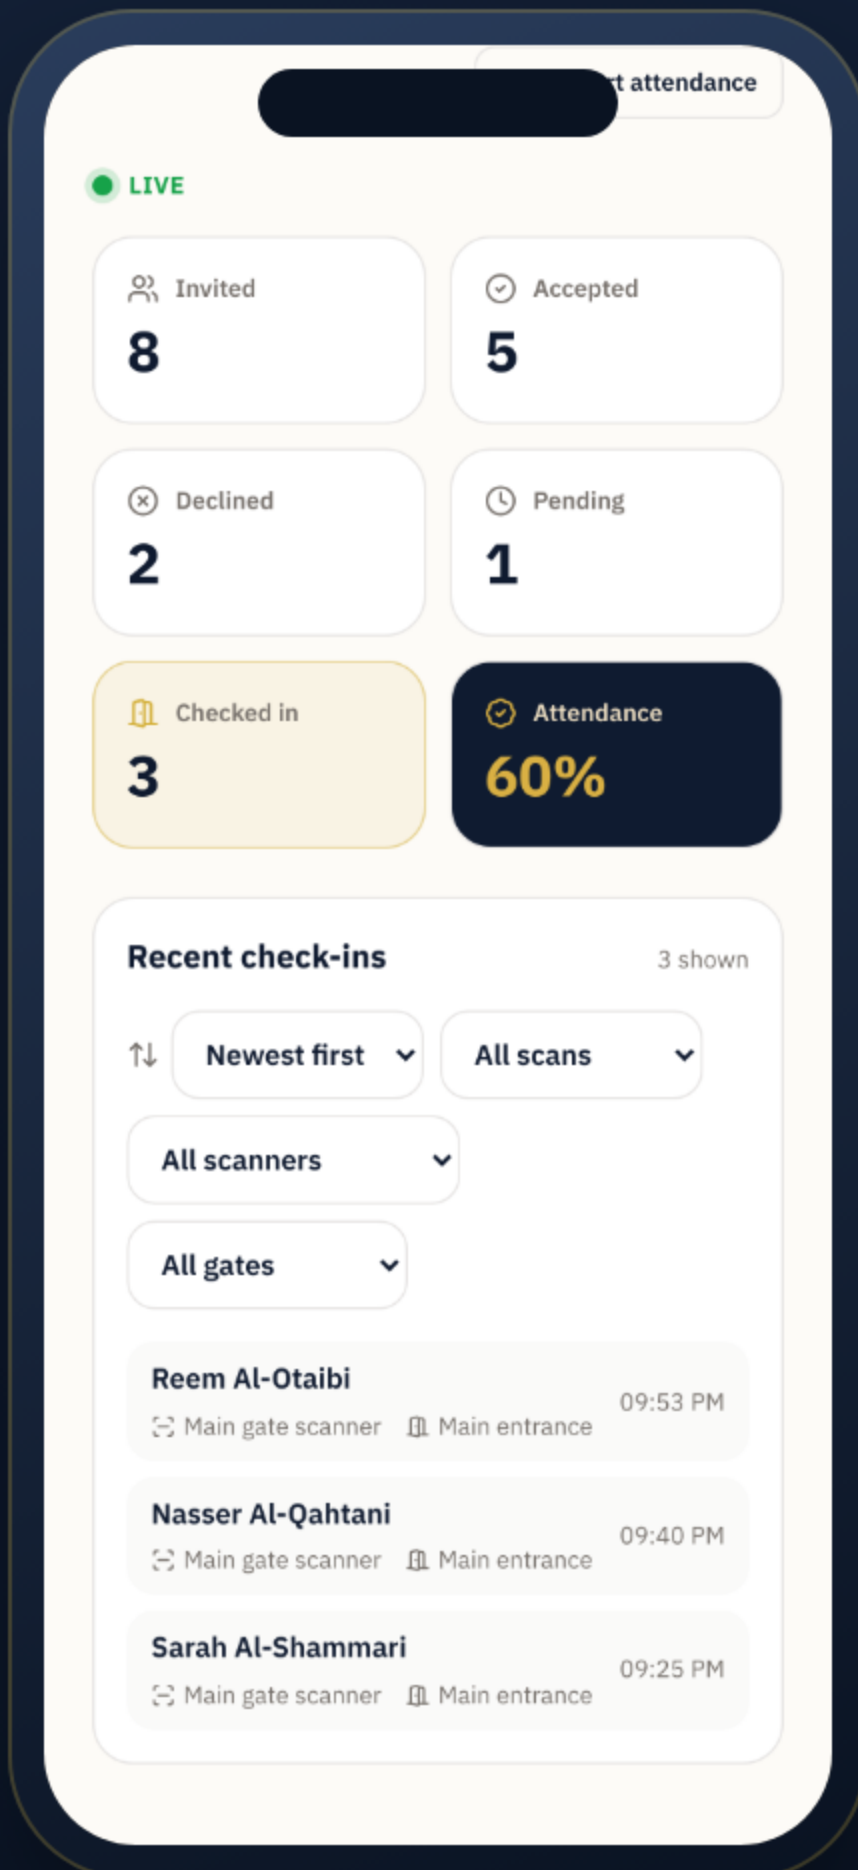

3

The check-in shows up on the live dashboard

The guest's check-in is logged in real time with their name, gate and time, and the "checked in" counter updates instantly.

◀ **Guest name, gate and time**

Orderly, fast entry

A signed code for every guest, and an instant alert on any duplicate – your venue door under control.
