How to

Live dashboard

Live counters, moment by moment

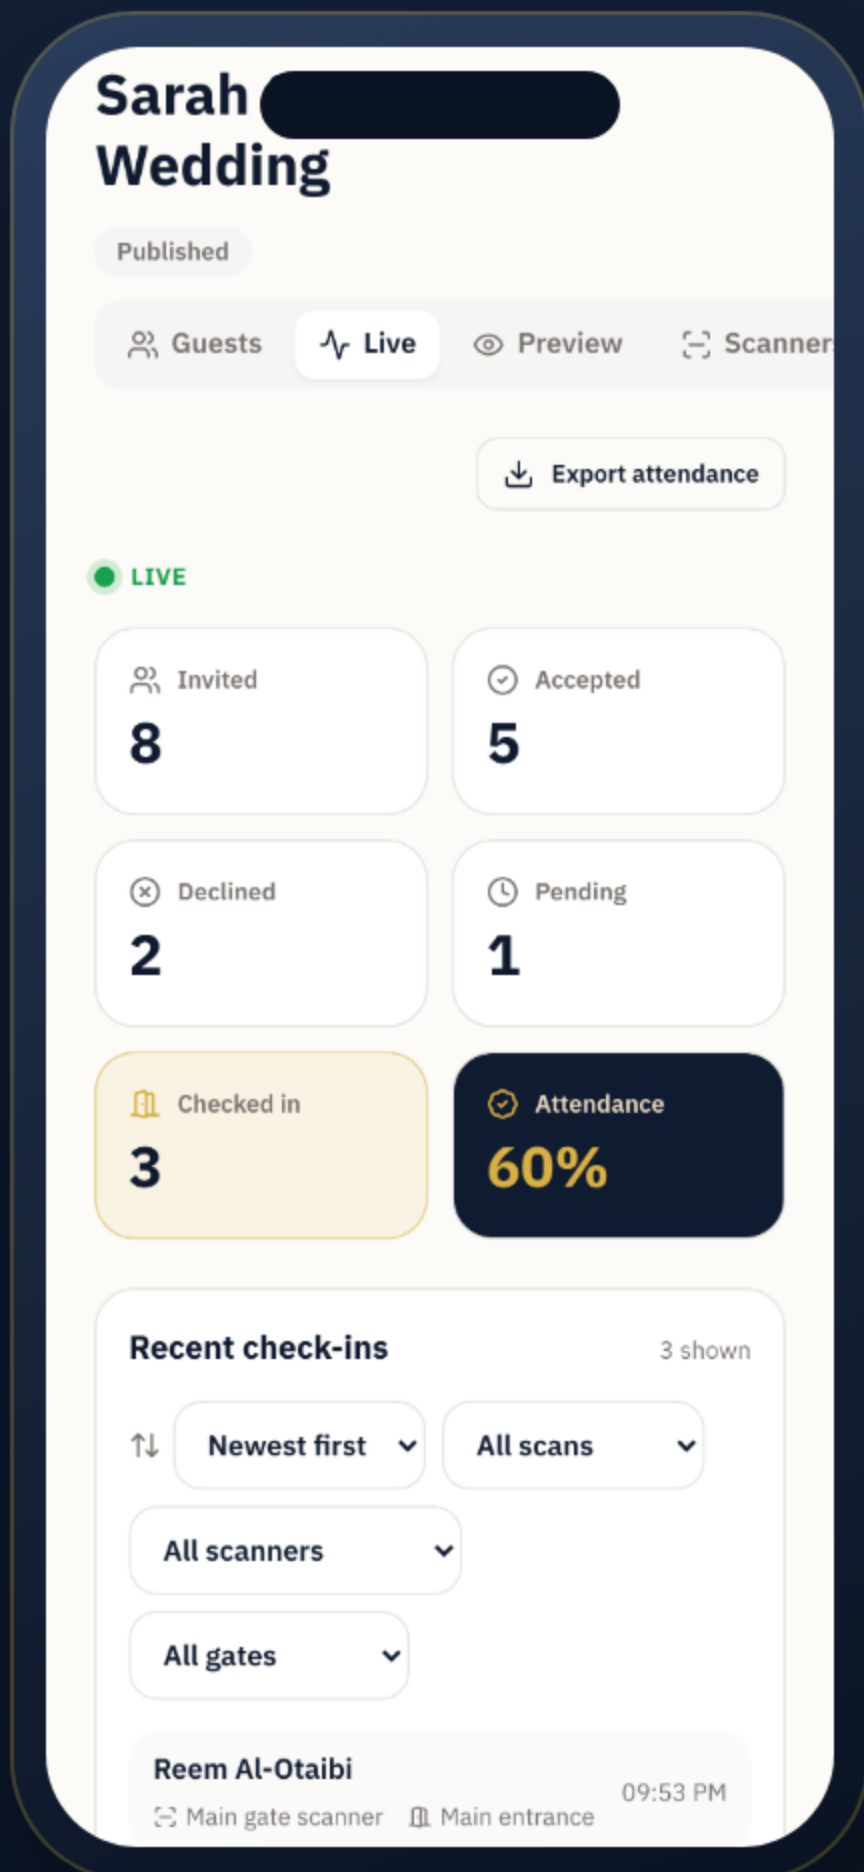

@jamaatna · 2026

**1**

Open the “Live” tab

From your event page, choose the Live tab to follow attendance on event day.

◀ The “Live” indicator means real-time updates

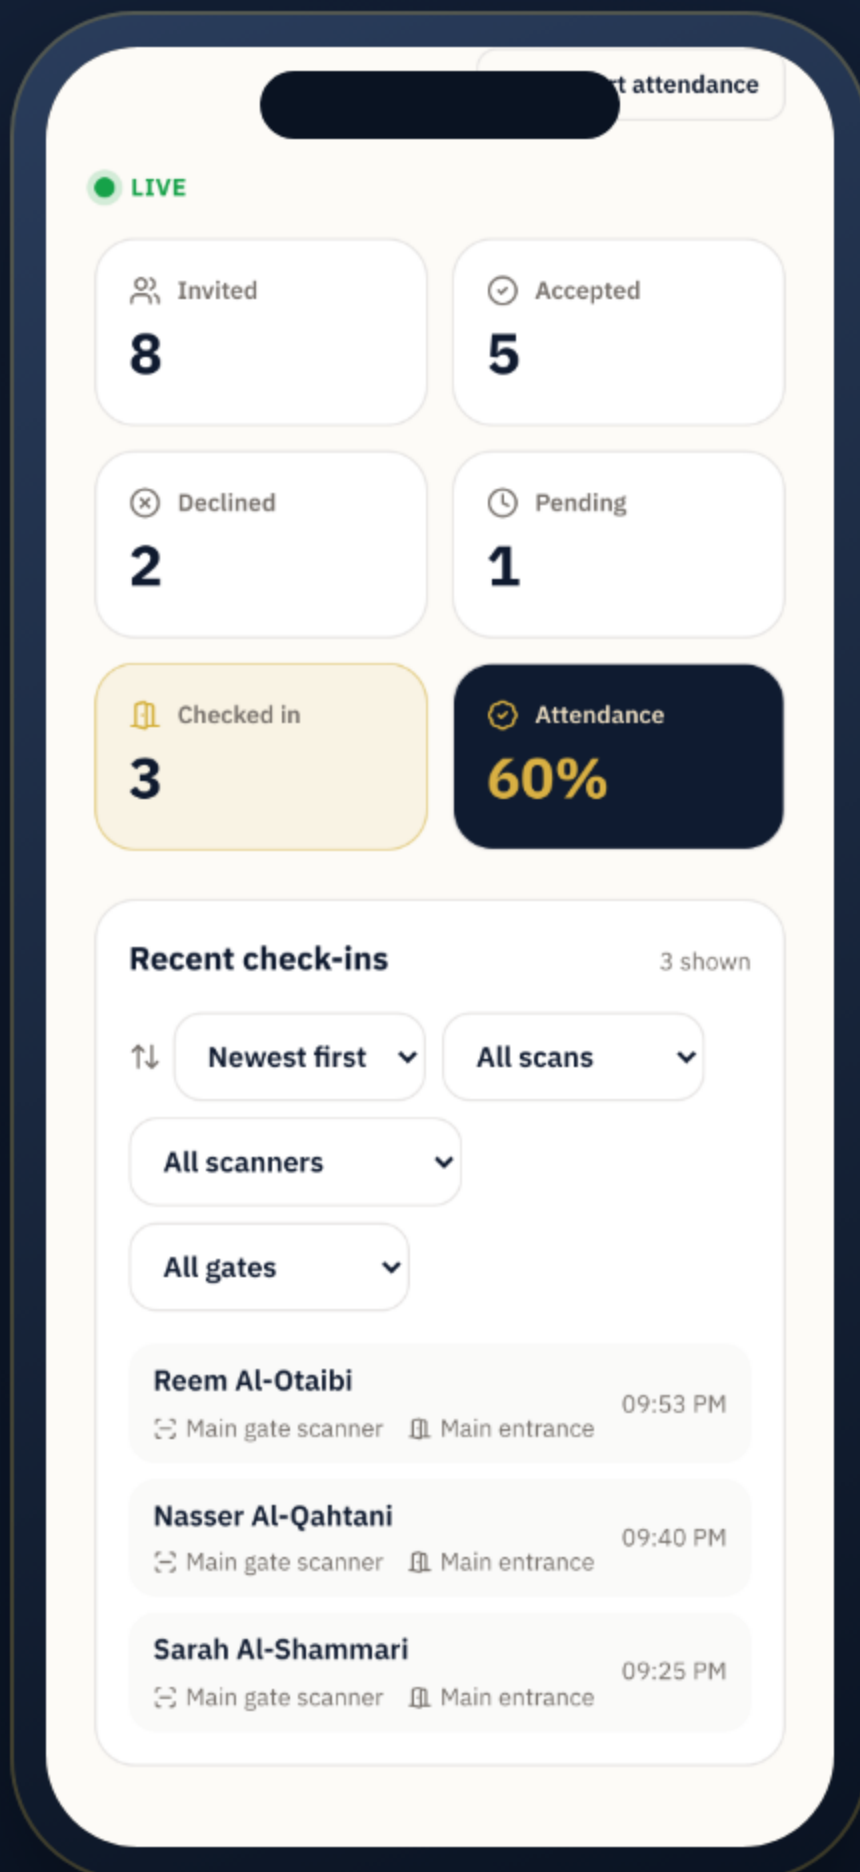

2

Follow the **live** counters

Invited, confirmed, declined, awaiting reply, attendance rate, and checked in – all update in real time.

- Confirmed · Declined · Awaiting reply
- Attendance rate and "checked in"

3

Watch the **latest check-ins**

See the check-in log by guest name, gate and time, filter by gate or scanner, and export your reports.

- ◀ **Filter by gate and scanner**
- ◀ **"Export attendance" as CSV**

Your event, in full view

Know who arrived and who's running
late, gate by gate – no chaos, no
paper.
